Hearst Defeated, Gillett Wins.

HUGHES'S PLURALITY IN NEW YORK 64,712.

Sets Step for Sister States of North, and Buries Willie Hearst.

Four States Where Hearst Attempted to Capitalize on Hate He Is Sternly Rebuked by Indignant Country Districts Give Loyal Support to the Cause of Law—Moran Goes Down in Massachusetts.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 6.—[Exclusive.] Charles E. Hughes, Republican Governor of the State, was elected by a plurality of 64,712, which is sufficiently large to insure his re-election. The Republican party has triumphed in the other States where there

an emphatic vote of the counties outside of New York. Massachusetts—Hearst's candidate (Moran), defeated by a decisive majority, notwithstanding a slump in the Republican votes in the mill towns, where workmen were appealed to on the well-known Hearst lines.

CHARLES E. HUGHES, defeated Hearst in New York in the race for the Governorship.

Illinois—Hearst's judicial ticket polled only 30,000 votes, which is about the strength a Socialist party usually musters in Chicago. California—Hearst's candidate for Governor, Langdon, snowed under.

NEW YORK WAS BATTLE GROUND. New York State was the great battle ground. Once more it was the metropolitan district against the great agricultural and industrial counties lying outside the city limits. Tammany seems to have given Hearst unexpectedly good support. In the entire city Hearst obtained a plurality approximating that given to Van Wyck in 1896 and Herrick in 1904, in the neighborhood of 72,000.

COUNTRY FELL SHORT.

But for the falling off of Republican votes, in some of the industrial centers, like Rochester, Hughes's plurality would have exceeded 100,000. Gov. Higgins' counties did not do very well, both Chautauque and Cattaraugus showing a very considerable Republican slump. St. Lawrence showed a Republican falling off because of Republican disaffection in Ogdensburg, where Senator Malby's "Ripper Bill" did deadly work to the Republican cause.

CARRIES HEARST STRONGHOLD. Erie county, which was a Hearst stronghold, and which had been organized in the interest of the Independence League candidate before any other county in the State, was carried by Hughes. Onondago, Albany, Jefferson, Oneida and Clinton counties all showed up strongly Republican. The farmers generally have stood by Hughes and have followed the advice of President Roosevelt. They

GILLETT IS CHOICE OF STATE VOTERS.

Plurality Grows as Delayed Returns Come in from Country.

Lack of Voting Machines Makes Count of Ballots Slow, But It Is Sure That Ruef and His Crowd Are Snowed Under—Republican Victory In San Francisco Comes As Surprise To Party Managers.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 6.—J. N. Gillett at midnight gave out the following statement:

"Returns at the Republican headquarters tonight indicate my election to the office of Governor. Should later advice prove the correctness of these returns, I may speak with greater freedom concerning my intentions."

"At this hour, however, I repeat the assertion which I frankly made at Santa Cruz when I was nominated, and subsequently reiterated throughout the campaign—that I have made no pledges, bargains or promises respecting State patronage."

"I am free to give the people of this State an honest and business-like administration of public affairs. It will be my aim to serve the people of California irrespective of party affiliation to the best of my ability."

"I shall, as Governor, give special attention to the harbor of San Francisco, with a view of promoting the commercial advancement of this city."

SAN FRANCISCO, Nov. 7.—[Exclusive Dispatch.] Owing to the length of ticket voted for throughout the State, and numerous amendments, counting of ballots has been extremely slow. There was a great deal of scratching in every county, and long after midnight the count was incomplete, except where voting machines were used, as in this city.

Under the circumstances, in order to present any sort of showing it has been necessary to accept the best estimates of pluralities obtainable.

These show in case of Governor a safe plurality for Gillett of at least 50,000, a figure that may be considerably increased by completed returns.

STATE IS SOLID IN CONGRESS.

The figures from various districts of the State are meager, but their trend unmistakably indicates that Republicans will have a solid delegation from California in Congress.

GILLETT CARRIES BAY CITY.

One of the gratifying surprises of

the election was the carrying of San Francisco by Gillett by a plurality approximating 100,000.

There was a tendency, during the campaign, to concede the city to Bell by varying majorities, and most enthusiastic supporters of the Republican nominee did not claim that it was within the range of probabilities that Gillett would more than scratch through with but a few votes, if he secured any plurality whatever.

CLAIM 20,000 PLURALITY.

Advice received from other parts of the State caused Gen. Stone, chairman of the Republican State Central Committee, and George Hutton, personal representative of Candidate Gillett, to feel confident that his plurality in the State would reach, if not exceed, 20,000.

Even the second surprise of the day—Sacramento giving Bell a majority of 9000, did not lessen the enthusiastic confidence of the party managers, for his assured majority was so large that even such an unexpected shifting of pluralities could not make any material change in the result.

KAHN GETS BIG MAJORITY.

Of the rest of the ticket, San Francisco elects Congressman Julius Kahn by a large majority and assures election of Congressman Hayes of the Fifth District, which includes a portion of this city, San Mateo and Santa Clara counties. This will give California a solid delegation of eight in the House.

"CURLY BOSS" DISAPPOINTED.

JUDICIAL TICKET GOES DOWN BADLY BATTERED.

Out of Ruef's four candidates, He Elects Only Morgan—Judge Lawlor Wins Out Despite Bitter Opposition of the Machine Manipulator.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 7, 11:11 a.m.—[Exclusive Dispatch.] While Ruef elected fifteen of eighteen candidates for the Assembly, and three of four nominees for the State Senate, Frank French, boodie Senator, having been denied "vindication" by his constituents, there was gloom at the headquarters of the "Curly Boss."

The judicial ticket was so badly beaten that but a semblance of it was left. Of the four candidates he nominated for the Superior bench, Morgan alone is elected. Judge Lawlor,

ELECTION BY STATES BRIEFLY ANALYZED.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Nov. 7.—Elections were held yesterday in forty-two States and while the results in a number of instances were of unusual interest, it may be said that generally speaking, there were no great surprises.

Throughout the South, the Democratic State and Congress tickets have been elected by the usual majorities. In the East and West, the States that were aligned two years ago in the Democratic or Republican columns, show no material changes, the Democrats making gains in some instances and the Republicans in others. The Republicans retain control of Congress by a good majority.

GREAT NEW YORK CONTEST.

Perhaps the widest general interest in the elections centered in the remarkable fight for Governor, which has been waged in New York State between Charles E. Hughes, the Republican candidate, who throughout the campaign has had the support of the President, and William Randolph Hearst, who has been running as the regular Democratic and Independence League nominee. The latest returns available show that Hughes, while losing nearly all of the principal cities of the State, was successful by about 50,000 plurality. The rural districts brought about the Republican victory.

IN THE GREATER CITY.

In New York City the Tammany Hall-Independence League judicial ticket was successful, with possibly one exception, over the candidates named by the Non-Partisan "Judiciary nominators."

MASSACHUSETTS FOR GUILD.

Guild, Republican, as Governor over Dist. Atty. John B. Moran of Boston, who was the candidate of the Democratic party, the Independence League and the Prohibitionist candidate.

CHICAGO HEAVILY REPUBLICAN.

In Chicago it is estimated that the Democrats polled 40,000, but there was a heavy Republican plurality for the State officers.

STUART CARRIES PENNSYLVANIA.

Pennsylvania has elected Stuart, Republican, Governor over the Fusion opposition by the usual Republican plurality.

OTHER REPUBLICAN STATES.

Michigan, Iowa, New Hampshire, North Dakota, Connecticut, Indiana and Wisconsin have rolled up Republican pluralities, although there was some falling off from the usual vote in Iowa.

MINNESOTA DEMOCRATIC.

In Minnesota Gov. Johnson (Democrat) was reelected by the largest majority ever given a Democrat in the State.

OHIO AND NEBRASKA GAINS.

Nebraska shows big Republican gains. Ohio also shows Republican gains over the Fusion vote of last year. The Republicans expect a plurality of 75,000 votes in the State.

BABCOCK DEFEATED.

Congressman Babcock of Wisconsin, formerly chairman of the Republican Congressional Committee, failed of election.

In Rhode Island James K. Higgins (Democrat) was elected Governor.

JOINT STATEHOOD BEATEN.

Joint Statehood for New Mexico and Arizona is defeated in Arizona, which defeats the proposition.

Hughes Vanquishes Yellow Politicians and Their Allies.

(Continued from First Page.)

have refused to take a leap in the dark in these times of unexampled prosperity.

Of New York City little is necessary to be said. Hearst has probably carried every borough. Chief Murphy seems to have swung the Tammany workers into line at the last minute, working upon their fears that if they did not labor for the entire ticket, the judiciary tickets as well, many candidates for Congress and Senate would be defeated.

KNOCKS HEARST OUT.

The result is decisive enough to prevent Hearst posing as a martyr with any degree of success. Tammany has probably elected its entire judiciary ticket, although the returns were late in coming in. Even Judge Rosinsky, who was on the Republican and Independence League tickets for Recorder of General Sessions, appears to have been beaten. This of itself indicates that most of the votes for Hearst were cast under the "star" and that the Tammany organization has served for itself the ticket of the day in the city.

MAKES CLEAN SWEEP.

The indications are that the entire Republican State ticket has been elected, but the returns on the offices other than that of Governor are not complete and conclusive.

Most of the Democratic candidates for Congress, Senate and Assembly have been elected in the city. Thomas F. Rock, "Eight-Hour Rock," has not Grady's vote very materially, but has perhaps failed of election.

REPUBLICAN LEGISLATURE.

The Republicans will continue in control of the New York Legislature by a very large majority. James W. Wadsworth, Jr., was re-elected in Livingston county and will probably be speaker of the next Assembly. On the other hand, the late returns indicate the defeat of his father, James S. Wadsworth, to Congress.

PENNSYLVANIA IS SOLID.

The result in Pennsylvania is the defeat of the independent and reform movement, Edward S. Stuart, former mayor of Philadelphia, and a candidate of the regular Republicans, has defeated Lewis E. Ladd, candidate of the Lincoln Republicans and Democrats.

Senator Penrose, the Republican leader of the State, estimates that Stuart's majority will be 100,000.

NEW JERSEY BACKS DRYDEN.

There was a very exciting election in New Jersey, with the United States Senatorship at stake. The indications are that the Republicans will have at least seventeen majority on joint ballot, insuring the election of Senator Dryden.

Connecticut has gone Republican, the entire State ticket and five Representatives to Congress being elected.

DEMOCRATS CARRY RHODE.

The Democrats have elected their Governor in Rhode Island, the result being due to the sensational speech made by Gov. Utter, Republican, a few nights ago, repudiating Gen. Brayton, the Republican boss. The machine Republicans threw their influence to the Democratic candidate, electing him. The General Assembly is Republican.

Gov. Cummins has been re-elected in Iowa by about 25,000, which is a Republican loss of 50,000. Gov. Hoch has been re-elected Governor of Kansas by a considerable reduced plurality.

Indications are that Sheldon has been elected Governor of Nebraska by a plurality of more than 3000.

GOMPERS FAILS MISERABLY.

The Congressional fight through the country furnished many points of interest. Samuel Gompers, president of the A. F. of L., made an effort to defeat members of the present house. Most of these efforts failed as signally as did his endeavors to defeat Representative Littlefield at the last election. He opposed James S. Sherman of this State, Representative Crumacker, Indiana, and Representative Mann of Illinois. These are all probably reflected by safe pluralities.

MURPHY'S STATEMENT.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Nov. 6.—[Exclusive Dispatch.] "It is now clear to every one that in Buffalo this organization did nothing more than recognize and obey the demand of the people."

This enigmatic statement, in type-written form, was given out by C. F. Murphy at Tammany Hall, at 11:30 o'clock tonight, when it was clear beyond the possibility of a doubt that Hughes had been elected. Asked to amplify it or, at any rate, to elucidate it, Murphy merely shook his head and resumed a whispered conversation he had been holding with O. H. F. Belmont, who had come in a few minutes earlier.

NORTH DAKOTA.

NEXT CONGRESS REPUBLICAN.

(BY THE ASSOCIATED PRESS—T.M.) CHICAGO, Nov. 7.—[Dispatches to the Associated Press up to 2 a.m. show that the Republicans have elected 125 members to Congress and the Democrats 145, with forty-nine districts missing.

GUILD CARRIES BAY STATE BY BIG MARGIN.

Moran Is Secretly "Knifed" by the Democrats—Draper Will Be Next Lieutenant-Governor, Despite the Labor Unions.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Nov. 7, 2 a.m.—[Exclusive Dispatch.] There is absolutely no doubt about the election of Curtis Guild, Jr., for Governor, and Eben E. Draper for Lieutenant-Governor of Massachusetts.

Guild's plurality is estimated at between 25,000 and 30,000, with a probability that it will be nearer the latter figure, morning. This estimate is based on returns from 200 cities and towns out of 354 in the State.

Draper's figure is about 17,000 over E. Gerry Brown, Moran's running mate. Indications are that Brown has run ahead of Moran. His vote in Boston exceeded Draper's by about 10,000. Draper being heavily cut by labor unions, outside of his own town, Hopedale. He carried this town in proportion about three to one.

Guild's plurality last year was 22,544, as his gains come from a reserve of Draper's plurality last year was 15,421. From this deduction it is made that the reserve vote, "stay-at-home" Republicans have been aroused by attacks, mud-slinging and heatism in the recent campaign and turned out to register their indignation.

Moran and his friends are disappointed by the Boston vote, but it was stated last night by the Democratic radio headquarters that the machine itself did considerable quiet knitting, while at no time did Moran's camp cut themselves in Moran's behalf.

Moran at 5 o'clock slipped off to New York and is said to have gone for a consultation with Hearst.

that Fick has been elected Judge of the State Supreme Court over Knauer, the Republican nominee.

For Governor, Searles (Rep.) and the rest of the Republican ticket are elected. Later returns may show that Searles had a close call.

Burk (Dem.) for Governor carried Fargo by a big majority.

CLAIM 40,000 FOR JOHNSON. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL, Nov. 6.—[Exclusive Dispatch.] Day, chairman of the Democratic State Committee, claims Johnson's election by 40,000 plurality. Sixty-nine precincts outside of the Twin Cities give Johnson 100,1, Cole 774.

Five precincts in Minneapolis for Mayor give Jones (Rep.) 611; Hayes (Dem.) 44.

JOHNSON CARRIES DULUTH. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL, Nov. 6.—[Exclusive Dispatch.] The Duluth Herald claims Johnson for Governor will carry Duluth by 1200.

INDIANA. OVERSTREET'S RUN. Fifty-eight precincts give Overstreet for Congress 273 majority. His probable majority in the district is 6000.

NORTH CAROLINA. DEMOCRATIC BY 20,000. (BY DIRECT WIRE TO THE TIMES.) RALEIGH, Nov. 6.—[Exclusive Dispatch.] In North Carolina the vote was light, but estimated to be Democratic by about 20,000.

The State is doubtful with two counties showing gains of 40,000 over two years ago. The Tenth District is close, with the Democrats still in the lead.

DEMOCRATIC BY 30,000. (BY DIRECT WIRE TO THE TIMES.) RALEIGH, Nov. 6.—[Exclusive Dispatch.] The vote was light in the State, but is estimated to be Democratic by about 30,000.

The Eighth District is doubtful, with two counties showing gains of 50 over two years ago. The Tenth District is close, with the Democrats still in the lead.

WEST VIRGINIA. LEGISLATURE REPUBLICAN. (BY DIRECT WIRE TO THE TIMES.) WHEELING, Nov. 6.—[Exclusive Dispatch.] The vote of the State is very light. The election of all five Republican Congressmen is assured, though by decreased majorities.

Hughes (Rep.) defeats MUM (Dem.) in the Fifth Congress District by 250. The Legislature will be Republican, with a joint majority of fifty-seven, insuring the election of Senator Elkins.

ARKANSAS. CONGRESSMEN DEMOCRATIC. (BY DIRECT WIRE TO THE TIMES.) LITTLE ROCK, Nov. 6.—[Exclusive Dispatch.] The Democratic candidates for Congress were elected in every district of Arkansas. The vote was light in all districts except the Fourth, where a hard fight was made.

GEORGIA. CONTEST IN FIRST DISTRICT. (BY DIRECT WIRE TO THE TIMES.) ATLANTA, Nov. 6.—[Exclusive Dispatch.] The contest in Georgia was in the First District where Edwards (Dem.) was elected by a plurality of about 4000.

The Democratic candidates for justice of the newly-created Court of Appeals were unanimously elected.

IDAHO. CLAIMS GOODING'S ELECTION. (BY DIRECT WIRE TO THE TIMES.) BOISE, Nov. 6.—[Exclusive Dispatch.] Stockholder (Dem.) for Governor, has carried Ada county against Gooding (Rep.). He is running behind his ticket. The legislative ticket seems to be Republican. Republican managers still claim Gooding's election.

OKLAHOMA. DEMOCRATIC DELEGATES. (BY DIRECT WIRE TO THE TIMES.) GUTHRIE, Nov. 6.—[Exclusive Dispatch.] The constitution of the new State of Oklahoma will be written by the Democrats. The majority of the delegates to the constitutional convention, which will be controlled by the Democrats, is tonight estimated at from 75 to 80. Vernon Whiting, secretary of the Republican Central Committee tonight concedes the Democratic seventy-three delegates.

Republican managers admit that Oklahoma proved a great disappointment. The unknown quantity of the Indian Territory was a practical concession to the Democrats, but nine Oklahoma districts counted on by the Republican leaders, were carried by the opposition.

The Osa Nation elected two Democrats. The Indiana, as a general rule, voted the Democratic ticket.

DEMOCRATS SAY 25,000. (BY DIRECT WIRE TO THE TIMES.) OKLAHOMA CITY, Nov. 6.—[Exclusive Dispatch.] Democratic headquarters claim the State by 25,000.

NEVADA. SPARKS SWEEPS IN. (BY DIRECT WIRE TO THE TIMES.) RENO (Nev.), Nov. 6.—[Exclusive Dispatch.] Results from the State indicate that a complete victory is about to be declared for the Democratic-Silver candidates.

Reports are very slow in reaching the Central Committee. Those in, however, indicate Democratic victory everywhere and the election of Gov. Sparks by a sweeping majority.

WASHINGTON. OVERWHELMINGLY REPUBLICAN. (BY DIRECT WIRE TO THE TIMES.) SEATTLE, Nov. 6.—[Exclusive Dispatch.] All indications point to an overwhelming Republican victory in the State of Washington. W. E. Humphrey, Wesley L. Jones and Francis W. Cushman, Congressman at large, all Republicans, will be returned. The State House of Representatives and Senate will be strongly Republican.

Moran at 5 o'clock slipped off to New York and is said to have gone for a consultation with Hearst.

JOHNSON CARRIES DULUTH. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL, Nov. 6.—[Exclusive Dispatch.] The Duluth Herald claims Johnson for Governor will carry Duluth by 1200.

INDIANAPOLIS, Nov. 6.—[Exclusive Dispatch.] Although it is early to make forecasts, the few returns that have come in from the various county seats indicate that the entire Republican ticket is elected by 25,000 to 30,000 plurality. President Roosevelt carried the State by 53,44 two years ago.

REPUBLICANS WIN. GUILD'S PLURALITY BIG. BOSTON, Nov. 6.—The Republicans were victors in the State election today. Gov. Guild being re-elected by a considerably increased plurality over last year, while his opponent, Dis-

Atty. John R. Moran of Boston, the candidate of the Democratic and Prohibition party and the Independence League, received a somewhat larger vote than that given the Democratic candidate a year ago.

With two-thirds of the State vote tabulated, Mr. Guild's plurality was estimated late tonight at about 37,000. The Republicans elect their entire State ticket, and this will insure the reelection of United States Senator W. Murray Crane of Dalton.

The Massachusetts delegation to Congress will remain practically the same.

MARYLAND DELEGATION SPLIT. NEW JUSTICE REPUBLICAN. (BY DIRECT WIRE TO THE TIMES.) BALTIMORE (Md.), Nov. 6.—[Exclusive Dispatch.] Maryland will send a split delegation to Congress, three Democrats and three Republicans.

DEMOCRATIC BY 30,000. (BY DIRECT WIRE TO THE TIMES.) RALEIGH, Nov. 6.—[Exclusive Dispatch.] The vote was light in the State, but is estimated to be Democratic by about 30,000.

The Eighth District is doubtful, with two counties showing gains of 50 over two years ago. The Tenth District is close, with the Democrats still in the lead.

WEST VIRGINIA. LEGISLATURE REPUBLICAN. (BY DIRECT WIRE TO THE TIMES.) WHEELING, Nov. 6.—[Exclusive Dispatch.] The vote of the State is very light. The election of all five Republican Congressmen is assured, though by decreased majorities.

Hughes (Rep.) defeats MUM (Dem.) in the Fifth Congress District by 250. The Legislature will be Republican, with a joint majority of fifty-seven, insuring the election of Senator Elkins.

ARKANSAS. CONGRESSMEN DEMOCRATIC. (BY DIRECT WIRE TO THE TIMES.) LITTLE ROCK, Nov. 6.—[Exclusive Dispatch.] The Democratic candidates for Congress were elected in every district of Arkansas. The vote was light in all districts except the Fourth, where a hard fight was made.

GEORGIA. CONTEST IN FIRST DISTRICT. (BY DIRECT WIRE TO THE TIMES.) ATLANTA, Nov. 6.—[Exclusive Dispatch.] The contest in Georgia was in the First District where Edwards (Dem.) was elected by a plurality of about 4000.

The Democratic candidates for justice of the newly-created Court of Appeals were unanimously elected.

IDAHO. CLAIMS GOODING'S ELECTION. (BY DIRECT WIRE TO THE TIMES.) BOISE, Nov. 6.—[Exclusive Dispatch.] Stockholder (Dem.) for Governor, has carried Ada county against Gooding (Rep.). He is running behind his ticket. The legislative ticket seems to be Republican. Republican managers still claim Gooding's election.

OKLAHOMA. DEMOCRATIC DELEGATES. (BY DIRECT WIRE TO THE TIMES.) GUTHRIE, Nov. 6.—[Exclusive Dispatch.] The constitution of the new State of Oklahoma will be written by the Democrats. The majority of the delegates to the constitutional convention, which will be controlled by the Democrats, is tonight estimated at from 75 to 80. Vernon Whiting, secretary of the Republican Central Committee tonight concedes the Democratic seventy-three delegates.

Republican managers admit that Oklahoma proved a great disappointment. The unknown quantity of the Indian Territory was a practical concession to the Democrats, but nine Oklahoma districts counted on by the Republican leaders, were carried by the opposition.

The Osa Nation elected two Democrats. The Indiana, as a general rule, voted the Democratic ticket.

DEMOCRATS SAY 25,000. (BY DIRECT WIRE TO THE TIMES.) OKLAHOMA CITY, Nov. 6.—[Exclusive Dispatch.] Democratic headquarters claim the State by 25,000.

NEVADA. SPARKS SWEEPS IN. (BY DIRECT WIRE TO THE TIMES.) RENO (Nev.), Nov. 6.—[Exclusive Dispatch.] Results from the State indicate that a complete victory is about to be declared for the Democratic-Silver candidates.

Reports are very slow in reaching the Central Committee. Those in, however, indicate Democratic victory everywhere and the election of Gov. Sparks by a sweeping majority.

WASHINGTON. OVERWHELMINGLY REPUBLICAN. (BY DIRECT WIRE TO THE TIMES.) SEATTLE, Nov. 6.—[Exclusive Dispatch.] All indications point to an overwhelming Republican victory in the State of Washington. W. E. Humphrey, Wesley L. Jones and Francis W. Cushman, Congressman at large, all Republicans, will be returned.

The State House of Representatives and Senate will be strongly Republican. Moran at 5 o'clock slipped off to New York and is said to have gone for a consultation with Hearst.

that Fick has been elected Judge of the State Supreme Court over Knauer, the Republican nominee.

For Governor, Searles (Rep.) and the rest of the Republican ticket are elected. Later returns may show that Searles had a close call.

Burk (Dem.) for Governor carried Fargo by a big majority.

CLAIM 40,000 FOR JOHNSON. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL, Nov. 6.—[Exclusive Dispatch.] Day, chairman of the Democratic State Committee, claims Johnson's election by 40,000 plurality. Sixty-nine precincts outside of the Twin Cities give Johnson 100,1, Cole 774.

Five precincts in Minneapolis for Mayor give Jones (Rep.) 611; Hayes (Dem.) 44.

JOHNSON CARRIES DULUTH. (BY DIRECT WIRE TO THE TIMES.) ST. PAUL, Nov. 6.—[Exclusive Dispatch.] The Duluth Herald claims Johnson for Governor will carry Duluth by 1200.

INDIANA. OVERSTREET'S RUN. Fifty-eight precincts give Overstreet for Congress 273 majority. His probable majority in the district is 6000.

NORTH CAROLINA. DEMOCRATIC BY 20,000. (BY DIRECT WIRE TO THE TIMES.) RALEIGH, Nov. 6.—[Exclusive Dispatch.] In North Carolina the vote was light, but estimated to be Democratic by about 20,000.

The Democrats probably carried the county, with the exception of Treasurer. Williamson (Rep.) has apparently a safe lead.

WEATHER F. ORS. GOTHAM VOTERS. ARRESTS OF EARLY MORNING REPEATERS ARE MANY.

Record is Broken for Rush to the Polls and Activity of Police to Prevent Fraud—Famous Capt. Diamond is One of First to Fall in the Tolls.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, Nov. 6.—Exceptionally favorable weather conditions after a campaign of almost unprecedented activity on the part of the two leading candidates for gubernatorial honors insured an unusually large vote.

In this city the balloting started with a rush as soon as the polls were opened, and in many sections new records for the early hours were made. In one district in the Bronx 132 ballots were deposited in the first fifteen minutes of voting.

Service of the thousands of warrants sworn out by Superintendent of Election Morgan was begun early in the day, and there was a steady stream of prisoners from the polling places to the Police Court. In nearly every case in the first three hours the prisoners proved their right to vote and were permitted to go back and deposit their ballots.

Sixty arrests on charges of illegal voting and registration and others for accepting money for votes were reported during the first two hours after the polls opened.

This is the greatest number of arrests reported in so short a time since the Election Bureau was established. Among the early morning arrests was former Police Capt. Diamond. He voted from his home in East Sixtieth street. When the Morgan men went to verify the address they found the house boarded up. The arrest was made on the allegation that Diamond had lived all summer in Putnam county, this State.

KANSAS BOTH CLAIM. PLURALITY PLACED AT 20,000. (BY THE ASSOCIATED PRESS.—P.M.) TOPEKA (Kan.) Nov. 7.—[Exclusive Dispatch.] At 1 o'clock this morning both claimants claim the election of Governor of the Democratic State of Kansas. The vote is so close that it is impossible to make an accurate prediction at this time, although it is probable that Gov. Hoch has been re-elected by about 10,000 plurality.

PENNSYLVANIA TRIUMPH. MOST EXCITING CAMPAIGN. (BY THE ASSOCIATED PRESS.—P.M.) PHILADELPHIA (Pa.) Nov. 6.—The most exciting campaign in Pennsylvania in years has resulted in a triumph for Edwin S. Stuart (Rep.) for Governor, over Lewis E. Brumbaugh (Dem.) and Lincoln party, by a plurality which, tonight, the local Republican leaders claim will reach 100,000.

A roar of dismay followed when they gazed at his spoiled ballot. The villain had voted the wrong way.

Out beyond the Downey-avenue hill where the lights of the tough roadhouses gleam, through the trees, they had a fierce little election that had nothing to do with Gillett or Bell.

All day long the autos which are accustomed to bear the dulcet forms of Misses Dimples and Dimples and of jags, carried stalwart voters to the polls. The question before the house was "wet" or "dry." It simply meant life or death to the tough roadhouses which decorate that portion of the

Some of the neighbors fought desperately against the dives that have disturbed their peace, but the dive owners turned out ward heelers—planted in the district for the special purpose of keeping the anti-diving element of the mob out of the rioting precincts was down in the foreign districts. The Great Register for one precinct on Banning street has not been harassed since it was built. The sounds family or remotely American. There is one grand collection of Ramirez, Schwartz, Morana, Forbana, and other names. The dives in the district like ants in an anthill looked on in jealous amusement. This is the only thing they found they can't do better than any else they have seen. (p. 30)

The Jap elevator man of the Germania Building, in which the County Central Committee is located, nearly died of fright when he saw the mob understand why every one should come dashing into the building with their pockets full of money. He ran and dashed out again without apparently getting anything.

At last he slipped between doors and demanded excitedly: "Tell me, if you please. The people, are they all crazy? Why do they rush around with their pockets full of money?"

It didn't look good to the Jap. He was ready to take to the woods.

Voters would go into the little town hall and cut down the tree: some would be happy to do it, some would be displeased and haggard with care. You had an idea of tripping down to the polling tent, and cutting your vote for the man who had cut down the Wards confronting you. The woods were full of Wards. A Ward popped out from behind a tree, and you didn't know whether it was the same stablehand Ben or something new in the ward of Wards.

After you got through all your troubles and mixed the ballot up in some dozen kinds of ways, a new difficulty appeared: you had to find the right-hand column.

It's a frightful shock to be a good, honest citizen, and to find that you are not yet digested, to have a pink, official-looking paper as big as a tent, doled out to you by a man in a blue, repeating Senate Amendment No. 23.

DABNER CONFESSES APPALLING CRIME.

Pfistner and Friede Murders and Japanese Bank Robbery Planned and Executed by Himself and Simpson—Sutton Innocent.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 6.—(Exclusive Dispatch.) Louis Dabner, the young man who was captured by the police Saturday, while attacking Jeweller Behrend, and who implicated the Kanaka, Simpson, today made a confession to Capt. Duke, in which he declared that he and Simpson committed the series of crimes that have appalled and terrified San Francisco, and completely puzzled the police, as well as a number of hold-ups of citizens in the street.

There was no third man engaged in the crime.

In the presence of his father and mother, Dabner confessed his part in the Pfistner and Friede murders, and the murder and robbery of the Japanese banker. His parents wept, and the young criminal himself was much affected.

THEIR FIRST MURDER.

Their first murder was of Shue Storekeeper. Dabner told of Simpson trying to shoot him, then hitting Pfistner over the head with a gas pipe. Dabner watched the door.

They got about \$100, which they divided.

Their next crime was the murder of Friede, the clothing storekeeper.

Simpson killed him with a gas pipe, and they rifled the till and the dead man's pockets.

JAPANESE BANK ROBBERY.

They planned the Japanese bank robbery carefully. They watched and saw the clerks leave for lunch. Simpson had already talked with the manager of the bank about depositing money, so there was no suspicion.

Simpson killed the manager, and Dabner hit the clerk, Sasahi, over the head. Then they gathered up \$200 in gold and silver and quietly left, driving away in a buggy.

They spent next day several hundred dollars for clothes and jewelry.

HOLD-UP OF CORONER.

One of the crimes that Dabner confesses is holding up Coroner Leland, for which James Sutton was recently convicted and sentenced to prison for fifty years. Dabner says Sutton is innocent.

This confession makes the most remarkable story of desperate crime that this city has known in many years. Dabner is a young hoodlum, who was corrupted by association with the Kanaka, Simpson, tonight, when confronted with Dabner's confession, broke down and made a complete confession, admitting the accuracy of Dabner's story and giving a list of other crimes which he had committed before securing Dabner as an associate.

HOLD-UP PASSENGERS.

ROBBERS THEN ESCAPE.

(BY THE ASSOCIATED PRESS—A.M.)

ALBUQUERQUE (N. M.) Nov. 6.—

CRIME BRIEFS.

Confess to Crime.

SAN FRANCISCO, Nov. 6.—Louis Dabner this afternoon confessed to a hold-up on Santa Fe passenger train No. 1 at Gallup. The train had stopped and the crew was in the dining-room when three men entered the coaches, armed with revolvers, and made the passengers hold up their hands, securing several hundred dollars in money, several grips and overcoats from the passengers. The bandits then moved toward the front end of the train, when some of the passengers gave the alarm, but the men escaped into the darkness. The robbers are thought to be the same who had been forced off freight trains during the day.

Robbers Got Away.

OTTAWA (Ill.) Nov. 6.—Two robbers who secured \$7000 from the Farmers' and Merchants Bank at Ladd, made their escape last night after an exciting chase of forty miles and after numerous battles with farmers who attempted to intercept them.

Sentenced for Embezzlement.

ALEXANDRIA (Ga.) Nov. 6.—Thomas W. Alexander, formerly a wealthy cotton manufacturer and prominent clubman, who was arrested at Pittsburgh, Pa., September 15, after having fled from this city June 8, leaving debts amounting to \$200,000, pleaded guilty to an indictment charging embezzlement and was sentenced to six years' imprisonment.

Four Policemen Arrested.

LEXINGTON (Ky.) Nov. 6.—Four policemen were arrested early today on warrants sworn out by Kentucky adherents, charging obstruction and interfering with voters. Other warrants for illegal voting have been prepared by the same men.

In the Utah District Court yesterday Judge Morris, at Salt Lake, issued an order citing warring stockholders of the Utah Implement Company to appear on Monday next in receivership proceedings. Five of the stockholders have petitioned for a receivership, alleging mismanagement on the part of H. B. Whitney, managing director, and two other directors.

ELEVATOR BIDS EXCEED FUNDS.

CITY HALL "LIFT" CALLS FORTH HIGH FIGURES.

After Third Call, Board of Public Works May Have to Draw on General Fund to Help Pay for New Elevator—Other Contracts to Be Awarded.

The Pacific Coast Elevator Company offers to install a new hydraulic passenger elevator in the City Hall for \$400, and it will allow the city \$200 for the old elevator. The offer of the Otis Elevator Company was to install the elevator for \$450, and to allow \$100 for the old "lift." The Board of Public Works has an appropriation of but \$300 for elevator purposes, but it is likely the extra money necessary for the new elevator will have to come from the general fund. This was the third time the Board of Public Works had advertised for elevator bids.

The Board of Public Works this week will award contracts for the improvement of the city streets. It will also take final action on the bids offered for the erection of the fire-engine house on Fifty-second street and the installation of a new hydraulic passenger elevator in the City Hall.

The lowest bidder for the improvement of the city streets, from Sixteenth to Twentieth streets, is the firm of Wither & Critch. They propose to do the grading and graveling for \$2.37 per lineal foot; 34 cents per lineal foot for cement curb, and 13 1/2 cents per square foot for sidewalk.

For the improvement of Norman Avenue, from Thirty-sixth street to Santa Monica Avenue, who offered to do the work for \$1.18 per lineal foot for the grading and graveling; 37 cents per lineal foot for the cement curb, and 15 cents per square foot for the sidewalk.

W. T. McBride is the lowest bidder for the improvement of Repton street, from Avenue 66 to the Garvanza addition. His figures are \$1.67 per lineal foot for grading and graveling; 38 cents per lineal foot for cement curb, and 15 cents per square foot for the sidewalk.

On the curbing and sidewalk of Victor street, from Bellevue Avenue to Temple street, the lowest offer has been made by R. C. Lowell, who bids to do this work for 34 cents per lineal foot for the cement curb, and 15 cents per square foot for the sidewalk.

For the curbing and sidewalk of a street from the intersection of the street from Fourth street south, John C. Gentry is the lowest bidder. His figures are \$2.00.

For the sum of \$400, M. L. Hostetter offers to place a fire engine on East Fifth street in the fire engine house. His figures are \$1.67 per lineal foot. Ed. Hunsicker offered to erect the building for \$12.50, and Peter Koenig's offer for \$13.70.

FLAMMER IS CHIEF.

He Resumes His Rank as Captain in Charge of the Detective Bureau.

Walter H. Auble, until yesterday acting Chief of Police, became captain of detectives. Capt. Paul Flammer left the position of head of the detective department to become acting chief. The outlines of this change have been published in The Times.

Recent publicity of the department changes included an outline of what Capt. Auble has done during his incumbency. He had been given leave of absence for one year, according to department rules. At the expiration of that time he resumed his rank of captain.

Present conditions are regarded as merely temporary. A number of changes of police officers were announced in The Times are about to come, and these will materially alter things in the department. Capt. Flammer becomes head of the department as a matter of course, without orders, as is the custom with the captain of detectives under existing rules during the absence of the Chief.

It is not regarded as at all likely that any alteration of department heads, which would result in outsiders, will be made during the present administration. The fact that Los Angeles is in danger of an influx of criminals during the winter unless the bars be kept well up affords one of the strongest reasons for this.

FALL FROM MOVING CAR.

H. C. Willis Suffers Fractured Leg and Lacerations—Sherman Gibson Slightly Hurt.

H. C. Willis of No. 414 South Olive street, fell from Main street car No. 177 at Main and Court streets late yesterday afternoon, and sustained deep lacerations on the face, a badly bruised body, and a fracture of the left leg. Mr. Willis was about to leave the car, thinking it had stopped, and as he stepped down to the pavement, he was thrown to the ground. He was taken to the Receiving Hospital and thence to his home.

Sherman Gibson of No. 517 Linden street, fell from a car at Eighth street and Maple Avenue yesterday and sustained slight injuries. An inspector of the railway company assisted him to the General and Emergency Hospital. Witnesses say that Gibson was attempting to leave the car when the accident occurred.

LORETO CHURCH BAZAAR.

A bazaar under the auspices of the parishioners of the Loreto Church will be opened this evening and will continue until Saturday night. The affair will also mark the opening of the handsome church building at Court street and Union Avenue. This evening Messrs. Vail and De Cella, high-class vocalists, will do a turn, and John J. Cooke will appear in a monologue. The music will be supplied by the Blanchard orchestra. The program has been arranged by Miss Catherine Cooke.

THEFT OF WATCH ALLEGED.

C. W. Cramer was arrested on South Main street by two patrolmen yesterday morning. He is charged with robbing F. J. King of a watch. King was very drunk at the time of the robbery, Cramer is said by the police to have been caught practically in the act. The watch was found on his person. Patrolmen McArt and Walsh are the arresting officers.

CITY HALL "LIFT" CALLS FORTH HIGH FIGURES.

After Third Call, Board of Public Works May Have to Draw on General Fund to Help Pay for New Elevator—Other Contracts to Be Awarded.

The Public Works Elevator Company has been awarded a new hydraulic passenger elevator in the City Hall for \$250,000, and it will allow the city \$250,000 on an elevator. The offer of the Otis Elevator Company was to install the elevator for \$250,000, and to allow \$100,000 for the use of the "lift." The Board of Public Works has an appropriation of but \$100,000 for elevator purposes, but it is only the extra money necessary for the new elevator will have to come from the general fund. This was the case when the Board of Public Works advertised for elevator bids.

The Board of Public Works this week will award contracts for the improvement of seven streets. It will also take action on the bids offered for the erection of the fire-engine house and the installation of a new hydraulic passenger elevator in the City Hall.

The lowest bidder for the improvement of Compton avenue, from Sixteenth to Twentieth streets, is the firm of Winters & Criss. They propose to do the grading and graveling for \$2.77 per lineal foot; 34 cents per lineal foot for cement curb, and 15 1/2 cents per square foot for sidewalk.

For the improvement of Norman avenue, from Thirtieth street to Santa Monica avenue, the lowest bidder is George Rheinhardt, who offers to do the work for \$2.15 per lineal foot for the grading and graveling; 27 cents per lineal foot for the cement curb, and 15 cents per square foot for the sidewalk.

For the curbing and sidewalking of Santa Monica street, from Bellevue avenue to Santa Monica street, the lowest offer has been made by R. C. Lowell, who bids to do this work for 34 1/2 cents per lineal foot for the cement curb, and 15 cents per square foot for the sidewalk.

In the proposition to construct a sewer in Matthews street, from Fourth street south, John Genilla has the lowest figures out of five bidders. His figures are \$200.

For the sum of \$400, M. L. Hostetter has placed a vitrified pipe sewer in Santa Monica street, from Santa Monica street to the intersection of the street with the street. He was just \$107 lower than F. Pusich, who bid once before for the job, and then asked the Board of Public Works to throw out the bid, because he had figured on a single scale instead of a double scale in reckoning.

The lowest bidder for the erection of a fire-engine house on East Fifty-first street is the firm of Noyes & Co. Their figures are \$117,700. The lowest bidder for the erection of the building is \$11,500, and Peter Keenan's offer for \$12,700.

FLAMMER IS CHIEF.
Capt. Paul Flammer left his position of head of the detective department to become acting chief. The outlines of this change have been published in The Times.

Recent publicity of the department has included an outline of what Capt. Flammer has done during his tenure. He had been given leave of absence for one year, according to the service rules. At the expiration of that time he resumed his rank of chief.

Recent conditions are regarded as temporary. A number of changes of import which were announced in The Times are about to be made, and these will very materially change things in the department. Capt. Flammer becomes head of the department as a matter of course, without change, as is the custom with the captain of detectives under existing rules during the absence of the chief. It is not regarded as at all likely that any alteration of department rules, which would bring in outsiders, will be made during the present administration. The fact that Los Angeles is in danger of an influx of criminals during the winter unless the bars are kept well up affords one of the strongest reasons for this.

FALL FROM MOVING CARS.

W. C. Willis suffers fractured leg and lacerations—Sherman Gibson slightly hurt.

W. C. Willis of No. 4214 South Olive street, fell from a car at Eighth street and Court streets late yesterday afternoon, and sustained deep lacerations on the face, a badly bruised leg, and a fracture of the left leg. Willis was about to leave the car, thinking it had stopped, and as he stepped down to the pavement, he was thrown to the ground. He was taken to the Receiving Hospital and thence to his home.

Sherman Gibson of No. 317 Linden street, fell from a car at Eighth street and Maple avenue yesterday and sustained slight injuries. An inspector of the railway company assisted him to the General and Emergency Hospital. Witnesses say that Gibson was attempting to leave the car when the accident occurred.

LORETTO CHURCH BAZAAR.

A bazaar under the auspices of the Loretto Church will be opened this evening and will continue until Saturday night. The affair will also mark the opening of the new church building at Court and Union streets. This evening Messrs. Vall and De Cella, high vocalists, will do a turn, and J. Cooke will appear in a monologue. The music will be supplied by Blanchard orchestra. The proceeds have been arranged by Miss Catherine Cooke.

THEFT OF WATCH ALLEGED.

G. W. Coomer was arrested on South Main street by two patrolmen yesterday morning. He is charged with robbing F. J. King of a watch. King was drunk at the time of the robbery. Coomer is said by the police to have caught practically in the act. The watch was found on his person. Raymond McCarr and Walsh are the arresting officers.

PERSONAL.

Mr. and Mrs. F. T. Ricknell have returned from a three month's trip throughout the East. They spent some time visiting in Wisconsin and came back on the Canadian Pacific.

ANOTHER MOHAWK

More Ore Below Than Can Be Hoisted

Just as the News was going to press last week, five masked highwaymen walked into "Hayes-Monnette" shaft house and compelled all the top men to throw up their hands. The engineer was ordered to break open a locker where there were stored seven sacks of high-grade ore that was probably worth \$3000 each. The ore was taken down to the wagon road some 100 feet from the shaft house and there thrown into a wagon and the hold-ups climbed in and drove rapidly away. Manager Hayes was promptly notified about the robbery. He looked around a little to see if he could locate the ore, and having failed, went quietly to work with the remark, "What's the use of worrying over a little thing like that? There is more of that stuff below and more than we can hoist." —Goldfield News.

The Story of the Mohawk

The story of the famous "Mohawk" property at Goldfield reads like a romance—nevertheless, it is cold, indisputable fact. The property is in the heart of the great producing section of wonderful Goldfield. It is being worked by lessees and is producing gold at the rate of, approximately, \$500,000 per week. The principal leases are the "Hayes-Monnette," producing \$50,000 daily (to be doubled immediately by the installation of new machinery,) and the "Frances-Mohawk," producing \$30,000 daily. Less than two years ago "Mohawk" stock sold at 15 cents per share; last March we sold it to our customers at 50 cents per share (the present price of Goldfield Silver Pick Leasing Syndicate stock); during the week just closed it sold on the San Francisco Mining Stock Exchange at \$15.00 per share, which means that those of our customers who held their stock could have made 900 per cent on capital invested less than eight months. Last July we invested our clients' money in "Frances-Mohawk" stock at 20 cents per share; since then this stock has paid a dividend of 25 per cent on the price quoted; will pay another Nov. 15 of 50 per cent on that price, and been salable at 90 cents per share, enabling our clients to make a profit of 350 per cent (independently of the dividends,) on capital invested less than four months.

Leases Pay Biggest and Quickest Dividends

Goldfield camp is not three years old, and the daily production of yellow metal has reached the \$100,000 mark, or at the rate of 3,000,000 per month most of which is being produced by leasing companies. A good leasing company on a good lease is a good thing for investors and stockholders; for as a rule their money is put directly in the ground and returns are often quick and profitable. Two leasing companies have just paid dividends. There are a score of other incorporated leases that will soon enter the producing and dividend-paying list.

We predict that more dividends will be paid out by leasing companies during the coming year than from all the other companies of the camp, working on company account, put together.—Editorial, Goldfield News.

The Goldfield Silver Pick Leasing Syndicate

Is now energetically developing a splendid leasehold on the great "Silver Pick" property, which immediately adjoins the magnificent "Mohawk." It is generally conceded that the astonishingly rich ledge being worked in the "Mohawk" also traverses the "Silver Pick" and that the tapping of it is merely a matter of development—then the "Silver Pick" property will rank with the world's phenomenal producers and the "Silver Pick" lessees will be on the plane occupied by the "Hayes-Monnette," "Frances-Mohawk" and others gathering golden harvests from the adjoining ground. We have carefully observed the operations on the Goldfield Silver Pick Leasing Syndicate, and are confident that within a very short time the marvelous ledge will be opened up sufficiently to justify ore shipments. Our latest advice reads:

"The new double-compartment shaft is now at the 125-foot point and is being timbered and lagged all the way down. Sinking will be continued to the 150-foot level and a cross-cut and drift will be started for the purpose of exploring the enormous ledge of marketable ore which was struck at the 80-foot level. It is expected this ledge will carry high shipping values when tapped on the 150-foot level, which will be some distance below the water level. Work is being rushed, three shifts being employed.

When ore shipments actually commence our sale of treasury stock will be ordered stopped immediately and the outstanding shares will go up by leaps and bounds, just as the "Mohawk" and "Frances-Mohawk" did. Hence we urge the immediate purchase of Goldfield Silver Pick Leasing Syndicate stock at

The Board of City Trustees last evening. Ordinances were introduced establishing a fire district, also methods of constructing and material to be used in the erection of buildings within the fire limits.

The second ordinance, providing for a special election, at which time the proposition of bonding the city in the sum of \$100,000 for water improvements, was considered.

A number of the streets of the city were ordered improved, and soon the city of Monrovia will have as many miles of paved streets as any city of its size in Southern California.

Secretary of War William H. Taft left Cheyenne yesterday for Fort Robinson, Neb., and after an inspection of that post will go to Chicago. A few days later he will inspect Fort Leavenworth and Fort Riley in Kansas. He intends also to make a tour of inspection further south, visiting Texas and Georgia.

above ground and some 1500 feet in length. D. M. Kathan says the molybdenite found in Eldorado county some years ago was too small to be of commercial value, but the deposits near Corona look more favorable.

BRIEFLY TOLD.

Miss Mary B. Kane and J. R. Odie, who were to have been married last evening, had the knot quietly tied in Riverside Friday, at the home of the bride's father, W. B. Kane. A reception was held last evening.

F. J. Roberts, secretary and manager of the Quevedo Colony Fruit Exchange, has upon the resignation of Frank Scoville, been elected to succeed him as local representative in the California Citrus Growers' Exchange in Los Angeles.

William F. Pank of Tennessee was thrown from his carriage at Tenth and Victoria streets last evening, while driving home. Above one eye he sustained a severe laceration and also sustained deep gashes on his forehead and over his right ear. Dr. Pank was called to sew up the wounds.

ELECTRIC LIGHT IN OJAI.

VENTURA, Nov. 6.—The Ventura Power Company's manager writes the people of the Ojai that his company will have electric light in the valley by the last of February, either by wire from the Kern River plant or from an independent plant to be erected in the valley.

All the dried apricots in the county have been disposed of at 14¢ cents per pound. The crop was about twenty-eight carloads, or over 400 tons. The crop this year, as compared with last year, was about half as much. The farmers realize considerable more from the fact that they did not have so much fruit to harvest and handle.

BOY SHOT TO DEATH.

Was Hunting With Companion When His Gun Was Accidentally Discharged.

NEWPORT, Nov. 6.—August Williamson, the fifteen-year-old son of L. Williamson, received a charge of shot in the right side Sunday by the accidental discharge of his gun. The accident happened about three miles from this town. He had been on a hunting trip with a companion.

The boy was taken to the Santa Ana Hospital, where he died on Monday.

JAPANESE TRADE RAPID GROWTH.

REMARKABLE DEVELOPMENT SINCE THE WAR.

Nearly \$200,000,000 Has Been Put Into New Enterprises—Liberal Increase in Exports—Large Gains in Public Revenue—New Tariff Soon to Go Into Effect.

Consul-General Miller of Yokohama, reporting on Japan's trade for the first six months of 1906, writes under date of August 19 as follows:

"The figures for Japan's foreign trade during the first six months of the current year show a total of \$199,992,123, against \$184,615,947 during the corresponding period of 1905, a reduction of \$15,376,176. The signal falling off is in imports. These aggregated \$143,321,436 in 1905 and only \$111,547,176 in the current year, a decrease of \$31,774,260. On the other hand, exports increased from \$71,551,576 in 1905 to \$88,535,519 in 1906, an increase of \$16,983,943. Doubtless this result will be due to the Japanese economy, since the unfavorable balance of trade, which was \$71,547,054 in the first six months of 1905, fell during the corresponding period of the current year to \$55,785,917. It is probable that the three months of July, August and September will see heavy importations in anticipation of the new statutory tariff's operation, but on the whole the excess of imports will probably not be greater than it was in 1905.

INCOME FROM IMPORTS.

The customs duties collected during the period under review were \$3,996,613, against \$2,769,928 in 1905 and \$4,941,231 in 1906. Thus, in two years the Treasury has received from imports a sum which has been more than doubled, owing to the operation of the last tariff.

The Treasury claims that the increased scale of duties, which is to go into operation from the 1st of October, will import the net revenue this year for protective purposes. If we look back to the year 1905, the year after the importation of the revenue tariff, we find that the Treasury's revenue from imports was only \$1,547,176, whereas the revenue this year will probably be in the neighborhood of \$2,500,000, we obtain a striking example of the financial benefit Japan has derived from the new regime.

Her income from customs duties alone will soon suffice to pay the interest on her whole foreign debt, greatly as the war increased it.

EXPORTS AND IMPORTS.

The growth of the export trade has been spread with tolerable uniformity over the principal staples. The groups that exhibit the most marked increases are beverages and commodities, \$750,000, in round numbers; metals and metal manufactures, \$2,350,000; tissues, yarns, thread and their raw materials, \$1,500,000; and miscellaneous, \$1,500,000. The other increases are small but healthy, and the decreases are few and insignificant.

The imports the net diminution amounting to \$1,774,260, is spread over the whole range of staples with a very few exceptions. The various reductions, on the whole, are small fractions of arms, ammunition, tools, machinery, etc., \$1,000,000; beverages and commodities, \$750,000; and chemicals, \$750,000; grain and its manufactures, \$500,000; glass and seeds, \$1,500,000, of which nearly \$1,000,000 was rice; horns, ivory, skins, etc., \$2,500,000; metal and metal manufactures \$1,500,000; oil and wax, \$700,000; tissues, yarns, threads, etc., \$1,150,000; miscellaneous, \$2,250,000.

The only staples that show appreciable increases are paper and stationery, \$1,000,000; and sugar, \$1,750,000.

The most marked features of Japanese life since the close of the war has been in the organization and development of various industries. Hence the industrial expansion of Japan has been seriously retarded by lack of capital, and high rates of interest.

The digestive organs, and people are borrowing great quantities for this industrial development at rates of interest lower than ever before anticipated.

ated. As the money market became easy and foreign capital began looking over the situation for investment, there followed the greatest commercial activity the country ever knew. Organizations are forming every day, and great commercial enterprises are being launched. From the close of hostilities to the first day of June a total of 214 new and enlarged old enterprises have been organized, with a total aggregate capital of \$197,153,514 gold.

ORGANIZE NEW ENTERPRISES.

"The greatest activity is noted in the organization of new electrical works. Japan has a wonderful amount of water power, and this is rapidly being utilized for electrical purposes. No less than fifty-one new companies have been organized, with an aggregate capital stock of \$55,000,000 gold.

"About \$20,000,000 gold represents the capital stock of ten new navigation and dock companies. There have been formed five new insurance companies, with a capital stock of \$7,500,000 gold. An aggregate of \$1,000,000 gold represents the capital stock of eleven reorganizations of old companies along broader lines.

"The capital stock of reorganized and new banks aggregates \$11,000,000. Eleven new steamship companies have been formed, with an aggregate capital stock of nearly \$10,000,000 gold. There have been fourteen new mining companies formed, with a capital stock of nearly \$10,000,000 gold.

"There have been twenty-two new silk and cotton mills projected, with a capital stock of \$4,000,000 gold. Special attention seems to have been directed to the formation of new weaving companies, and a total of nineteen new companies are making ready to start business, with a capital stock of \$5,000,000 gold.

"The greatest activity in the formation of new companies seems to have centered at Tokyo, the capital of the empire, which has a record of sixteen new organizations, with a subscribed capital stock of \$4,125,000 gold.

"China ranks second with sixty-eight new companies and enlarged old ones with an aggregate capital stock of \$3,597,075 gold."

AROMATIC FUEL.

Chimney Corner Cures Recommended by Physicians for the Relief of Coughs.

The latest patent is to be found in the chimney corner. Physicians are recommending aromatic woods and fragrant peat, says the London Express, which, when thrown on the fire, send up a healing smoke.

A picture post card of peat can be sent to a friend suffering from asthma. The post card is read and burnt, and the sufferer draws his chair up beside the grate, to inhale the medicinal odor.

Aromatic fire lighters, cut in trellis fashion, are steeped in turpentine, and their warm glow and balmy fumes will relieve a gasping bronchial patient.

Fire revivers are an antiseptic and will keep away influenza. They are in the shape of small bricks, and will revivify a dying fire and perfume the whole house.

Pine logs send out a tonic vapor, oak and elm are stimulating, sandal wood will relieve a nervous headache.

Tiny blocks of wood, steeped in eucalyptus oil, are recommended for a bad cold. Lavender water pellets or eau de cologne globules, sizzling merrily on the hob, will freshen up the overtired visitor, while a few drops of attar of violets on a hot towel will cure insomnia and produce refreshing sleep.

A teaspoonful of ammonia, added to a saucenpan of boiling water, will revive a fainting patient. It has even been suggested by a well known specialist that a tablespoonful of tea, thrown in the kettle and inhaled, will benefit the weary housewife far more than if she sipped her favorite beverage.

A nerve specialist who was consulted on the nerve cure, said: "There is no doubt that there should be a more intimate knowledge of the need for healthy inhalations."

"Not only flowers or jars of potpourri should be used to scent a room, but scented logs should be thrown on the grate instead of the usual fagots."

"Perfume, in any form, is a stimulant, a narcotic, or a sedative, as the case may be; but no perfume is so healing and subtle in its effect as that which rises warm and balmy from the fire."

"A little scent, sprinkled on a block of wood, will give a woman's room many an acute attack of neuralgia or congested headache."

Cook (to housemaid): Why are you putting all these dishes so carefully on the tray?

Housemaid: That's very simple. When the young master comes out of the dining-room I shall meet him with the tray; he'll try to kiss me in the dusk passage as usual; I shall let the whole lot fall and he'll give me the money to pay for it.—(Wiener Salon-witzblatt.)

Weigh yourself. Take Vinol a while.

Weigh yourself again. The gain in flesh, strength and appetite will be better arguments for Vinol than all we can say.

This is because Vinol contains in a concentrated form all the medicinal elements of cod liver oil taken from fresh cod's livers, but it is a better body builder and strength creator than cod liver oil or emulsions because the useless, indigestible and nauseating oil has been eliminated and tonic iron added.

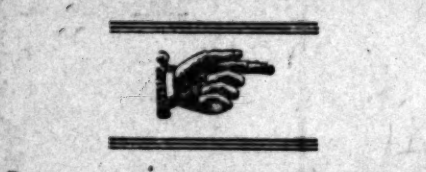

Vinol creates an appetite, strengthens every organ in the body, tones up the digestive organs, makes rich, red blood and firm, healthy flesh.

So sure are we of what Vinol does that we refund money to those who buy Vinol and are not benefited.

NOTE—While we are sole agents for Vinol in Los Angeles, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

ELECTED

Years ago I was voted LEADING SPECIALIST by an overwhelming majority, simply because I made good when put to the test. All this time I have always kept my promises to afflicted humanity. I cured where others had despaired, and it is but the reward of hard work and well deserved merit that I am recognized all over the West as the one physician whose wonderful cures and clean business methods actually elected him to hold the distinguished office of

LEADING SPECIALIST

I feel that I am qualified to speak knowingly and emphatically in regard to the diseases and disorders that constitute my specialty. Twenty-five years' experience in curing diseases of men have given me a knowledge of this line of ailments that enables me to make direct and definite statements, and it enables me to prove to you that my statements are founded upon fact and are correct.

I say that you can be cured. I stand ready to back up this statement with proof. I ask you to call at my office and talk with me about it and I will explain to you my methods of curing. The methods I will tell you about are unlike those employed by any other doctor. They are founded upon a knowledge of the truth in regard to the diseases of men. That's why they cure, and why they are the only methods that can soundly and thoroughly cure.
